

NOTICE

Airmax Compressor Services Ltd. is excited to celebrate 25 years as a leader of industrial air compressor service and equipment providers in the Halton region.

Airmax Compressor Services was founded by David Wharton in 1996. His guiding philosophy has always been based on a healthy balance of service and sales.

Company President, David Wharton remarked, "We have achieved this milestone through the hard work and dedication of our associates and our culture of customer service that exists throughout the entire organization. We have dedicated the last 25 years to provide our customers with the highest quality compressed air products and services. Throughout 2021, we will be taking a look at where we started, what we have achieved, and what our plans are for the future."

Tom Schulte, the co-owner of Airmax, commented "I would also like to thank our employees, clients, and supplier partners. Without them, we would not exist. Our clients are true partners and our employees are the best in the business. I am so proud of what we've accomplished over the past 25 years."

Airmax offers a total turnkey solution for all compressed air needs. Providing outstanding services including; preventive maintenance programs, emergency breakdowns, installations, rentals, and sales of industrial air compressors, nitrogen generators, and vacuum pumps.

Over 300 customers in Southern Ontario rely on the know-how of staff and technicians at Airmax Compressor Services. Its portfolio covers innovative

compressed air and gas products and services that provide added value for its customers in terms of enhanced efficiency, reduced costs or increased profits. The company is celebrating its 25th anniversary in 2021.
